Experience

Kifiya Financial Technologies

Addis Ababa, Ethiopia

Fintech

Sept. 2023 - Present

Digital lending and financial services platform enabling financial institutions to extend credit and other financial services to underserved small businesses, smallholder farmers, and informal-sector customers using AI, nontraditional data sources, and digital distribution channels.

Senior Product Manager

- Lead product strategy for the Partner Relationship Management platform, which serves 50,000+ customers and has facilitated over 5 billion Ethiopian Birr in loans.
- Direct roadmap, backlog, and stakeholder alignment across business, technology, operations, and external partners.
- Coordinated partners, authored product requirements, drove go-to-market planning, and tracked performance to align stakeholders and accelerate iteration.

Taskmoby

Addis Ababa, Ethiopia

Digital Marketplace

Aug. 2022 - Sep. 2023

Home services marketplace connecting customers with vetted professionals for cleaning, plumbing, electrical, and other household services.

Product Manager

- Led product strategy and delivery for the customer booking and provider-matching journey.
- Coordinated partners, authored product requirements, drove go-to-market planning, and tracked performance to align stakeholders and accelerate iteration.
- Represented the company at GITEX Global 2022 in Dubai, presenting the marketplace to investors and ecosystem partners to build visibility and drive investor interest.

Flocash

London, United Kingdom

Fintech

May. 2020 - Aug. 2022

Payments and payment-orchestration provider operating across the Middle East and Africa with a broad network of payment options.

Product Manager

- Led end-to-end product development for the company's food-delivery expansion, owning the customer app, driver app, and restaurant portal from concept to launch.
- Defined product strategy, feature scope, and user experience in partnership with business, marketing, and sales teams across go-to-market execution and positioning.
- Launched the platform with integration into existing payment infrastructure and coordinated day-to-day execution across product and business teams.

MG Software Solutions

Addis Ababa, Ethiopia

Digital Solutions

Aug. 2017 - May. 2020

Enterprise software provider delivering custom digital solutions for public and private sector organizations.

Product Owner

- Led delivery of a custom Enterprise Resource Planning (ERP) platform, owning 7 of 12 modules from discovery through launch.
- Ran stakeholder interviews and workflow analysis to translate operational needs into product requirements, UX decisions, and agile delivery plans.
- Coordinated implementation across a distributed engineering team, including onsite collaboration with partners in China, localization support, and end-user training.

Education

Addis Ababa University

Addis Ababa, Ethiopia

Bachelor of Science in Computer Science

Sept. 2013 - June 2017
